How the standings are scored

Race points for each race are $N + 1 - S$, where N is the number of boats entered in the class at that event and S is the boat's score in the event results (Notice of Series 5.1). A race scored DNC, DNS, OCS, UFD, BFD, NSC, DNF, RET, DSQ, DNE, or DGM earns zero race points and still counts in the maximum. Event percentage is race points divided by N times the number of races completed in the class, times 100; event discards do not apply (5.2). Series score is the average of event percentages at the Qualifying Events held so far, with an unsailed event scoring zero (5.3). Ties break on the higher percentage at the most recent event, then the one before, then more firsts, seconds, and so on (5.5).

Classes and races: GLIOR PHRF 1 (10 boats) and PHRF 2 (8 boats), 3 races each. LIS IOR National (7), PHRF Large (7), PHRF Medium (9), J/109 (6), J/88 (5), and J/105 (13), 7 races each.
